

California Voluntary Carbon Market Disclosures Act (AB 1305) Information

A. O. Smith Corporation
2024

A. O. Smith Corporation (“A. O. Smith”) provides the below information relating to Section 44475 of Division 26, Part 10 of the California Health and Safety Code (“Code”) added by California Assembly Bill 1305, the Voluntary Carbon Market Disclosures Act.

Emissions and Claims Information (Section 44475.2)

A. O. Smith has a greenhouse gas (“GHG”) emissions reduction goal of 48.80 GHG Emissions Intensity (Metric Tons CO_{2e}/\$MM rev)¹ by 2025 (2019 baseline). In 2023, the company surpassed its 2025 greenhouse gas emissions reduction goal by 17%.² Additional details as required by AB 1305 may be found on the Environment, Social, and Governance (ESG) webpage, the [A. O. Smith 2024 Sustainability Report](#)³, and [ESG Scorecard](#)³.

Disclaimer

The information above is being provided with respect to the California Voluntary Carbon Market Disclosures Act. The statement made herein are based on information currently available to A. O. Smith. We assume no obligation to update any information or statements contained in this document as result of new information, figures, events or otherwise, except as required by law.

The fact that these disclosures are being made is in no way intended to suggest these matters are material as such term is defined, interpreted, or used under the US securities laws, the European Union Corporate Sustainability Reporting Directive or any other law, regulation or requirement.

¹ Metric reflects energy efficiency improvements and on-site solar technology.

² All manufacturing operations, excluding three small facilities and acquisitions since 2019. Greenhouse gas calculations incorporate the most recent electric grid emissions factors on Jan. 1 of the reporting year.

³ Data is not 3rd party verified.
